DETAILED ACTION

Response to Arguments

1. Applicant's arguments, with respect to the rejections of record have been fully considered and are persuasive. The rejections of record are withdrawn.

Allowable Subject Matter

2. Claims 1-10, 20, 23-28 are allowed.

Drawings

3. New corrected drawings in compliance with 37 CFR 1.121(d) is required in this application. While legends added were approved by the previous examiner for sheet one, for issue revision purposes these drawings are to be considered informal because: impermissible shading on both drawing sheets making difficult discernment of what is being shown, drawing line irregularities on both sheets, legend irregularities for sheet two, and numbering irregularities throughout both sheets.

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
